

CLINICIAN'S NOTEBOOK

Step-by-step Photographic Guide to Exotic Animal Procedures

REPTILE SURGERY

- 7 Anesthetics in Reptiles
Stephen Divers
- 9 Squamata Celiotomy
Celiotomy in Lizards
Celiotomy in Snakes
Scott Stahl
- 15 Prefemoral Approach to
Celiotomy in Chelonians
Scott Stahl
- 21 Endoscopic Examination of Reptiles
Celioscopy in Lizards
Celioscopy in Chelonia
Buccal Approaches in Snakes
Stephen Divers
- 27 Antibiotic PMMA Beads for Septic
Arthritis in a Green Iguana
R. Avery Bennett
- 29 Bladder Necrosis Secondary to
Cystic Calculus in a Green Iguana
Teresa Lightfoot

AVIAN SURGERY

- 35 Comparative Avian Surgical Anatomy
Nigel Harcourt-Brown
- 41 Tumor and Pygostyle Removal
Greg Harrison
- 51 Phallus Amputation in Pet Ducks
Michael Lierz
- 55 Approach to the Thoracic Cavity of Birds
R. Avery Bennett
- 59 Hook Removal in a Brown Pelican
Teresa Lightfoot

FISH AND AMPHIBIAN SURGERY

- 63 Surgical Procedures for Fishes
and Amphibians
Fish Biopsies
Fish Cataract Surgery
Fish Celiotomy
Frog Cystotomy
Brent R. Whitaker

SMALL MAMMAL AND PRIMATE SURGERY

- 71 Ferret Adrenal Removal Using
Temporary Occlusion of the
Caudal Vena Cava
R. Avery Bennett
- 75 Marsupial Surgeries
Comments on Ovariohysterectomies
Rectal Prolapse Reduction
Cathy Johnson-Delaney
- 79 Cesarean Section in Non-human
Primates
Cathy Johnson-Delaney
- 83 Treatment of Facial Abscesses
in Rabbits
Frances Harcourt-Brown

FISH AND AMPHIBIAN SURGERY

63 Surgical Procedures for Fishes and Amphibians

INTERNATIONAL CONFERENCE ON EXOTICS 1999

Delray Beach <i>Entertainment Guide</i>	4
I.C.E. Schedule	43
I.C.E. Program	44
Speakers	46
Exhibitors' Directory	47

The articles in this publication are presented as clinical step-by-step procedures and experiential commentary. All attempts have been made to present these procedures as clearly as possible and to verify the accuracy of the information. However, EXOTIC DVM is not intended to be the only resource about exotic companion animals. The clinician must exercise discretion in the use of this material and consult current literature for comprehensive management, medicine and surgery guidelines for these species.
